

## March 2020

This past year was an amazing year of ministry! With the Lord's help, Kris and I were able to be in Belize in March to minister to the Church in Sarteneja. While there we were able bring the church a piano and bass guitar. This is a church my father help to start over 40 years ago, that my mother continued to support since my fathers passing, and that I have been supporting since 2017!

While in Belize, I also partnered with Send Me Holiness Missions for a week in ministering in the Stan Creek District. With the Lords help, we were able to build a porch roof, install lights and fans on a church, and hold a tent revival where we conducted a children services and revival service nightly. We saw several pray for salvation and the local congregations encouraged!

In September, I traveled to Haiti. There I assisted Missions in Haiti by working on a faculty house they were building. With the Lord's help and the assistance of several young men, we were able to install all the electrical wiring. We were also excited to have the opportunity to minister to their church and young people.

Looking ahead to 2020, I am excited to see the Lord expand our vision and ability to reach more people for Christ!

We are in the process of establishing Elevate Outreach Ministry with Elevate World Missions being structured under Elevate Outreach Ministry. This will provide a greater foundation for us to expand our impact for Christ including our Missions Ministry. We are thankful for the families of Matt & Rosie McCaslin and Kevin & Devi Johnson for coming along side us in Elevate Outreach Ministry!

## India 2019

During the 10 days Matt and his daughter Naomi spent in India, over 100 people come to know Christ, 32 were baptized and many miracles took place!

*“We were able to preach in the slums in the village of the untouchables where 20 more accepted Christ. Two families invited us into their homes to pray. God is mighty and it was amazing to see the power of Jesus blood bring peace, healing and restoration to peoples lives.*

*One man was delivered from alcoholism and a child near death in sickness was instantly healed. A daughter in a car accident was taken by emergency ambulance to the hospital. She was healed before her mother even arrived to the hospital after praying at the church. Many husbands who had forbade their wives from attending church allowed them to come out this week, and even came themselves. One woman testified about how her husband would beat her and burn her bibles and this past week he got saved and is a new man!*

*We are hopeful that we will be able to go back again this fall and witness the amazing power of God. God is good, to Jesus be all the glory.” - Matt McCaslin*

## Canada 2019

*“This past year my family and I supported and attended C.H.O.S.E.N. Ministries outreach youth camp in Maberly Ontario, Canada. Every year the Johnston’s host a youth and family camp inviting families and youth that he has been working with. Many that come are not saved. There camp is on a beautiful lake and has a water slide. Each day we swam, kayaked, played games, and had an amazing time. In the afternoons, the young men went on hiking trips and bonded, discussing life as a Christian man. During the services; three kids got saved; a young man, one mom and her son re-dedicated their heart and life to God! And at the last day of the camp three campers were baptized! It was awesome and the preaching was amazing.*

*We are looking forward to attending again this year. Youth from Elevate Outreach will be going with the Johnston family the third week of July to do street outreach and a bible camp. Please pray that God would strengthen them for this work and move in the hearts of those they reach that they would come to know Christ as their Savior!” Matt McCaslin*
